

Invitation Letter

It is our great pleasure to invite you to the **1st edition of Romanian Surveying Week** between 23rd and 28th of September, 2019 in Cluj-Napoca, Romania. The international event is organized by the **University of Agricultural Sciences and Veterinary Medicine Cluj-Napoca (USAMV Cluj-Napoca)** which celebrates 150 years of existence, in collaboration with the **Romanian Surveyors Union (UGR)** and the **International Federation of Surveyors (FIG) – Commission 3 for Spatial Information Management**. The event is hosted in the main campus of the University of Agricultural Sciences and Veterinary Medicine Cluj-Napoca, Romania. The campus is located close to the city center and includes more than 40 hectares of academic and research buildings.

Romanian Surveying Week is the most important surveying community event held in Romania this year where we are expecting more than 200 participants, from more than 10 countries. "**Advances in Geodata Analytics for Smart Cities and Regions**" the topic of FIG Commission 3 topic and "**Geodesy, Geomatics and Property Valuation**" section of the **USAMV Cluj-Napoca International Conference "Life sciences for Sustainable Development"**, will bring together specialist from surveying, agricultural, horticulture, biotechnology and other connected field, from Romania and all over the world, being expected in Cluj starting with 23rd of September, 2019.

Romanian Surveying Week will create the professional frame and environment for discussions, exchanging knowledge and experience among surveyors, and other professionals in spatial information, regional development, geomatics and property valuation. Still it is one more opportunity to enhance the awareness and importance regarding our profession in Romania, Europe and worldwide, in connection with many other activity fields.

Romanian Surveying Week gives to the participants the opportunity to present papers, debate and communicate in a professional and scientific manner highlighting their own contribution finding out smart technical solutions in order to ensure sustainable development for a smart society.

Inside the event will be hosted an important exhibition where the participants from private sector will present the latest surveying equipment, and also a special section dedicated to Young Surveyors, in cooperation with FIG Young Surveyors.

The participants have the opportunity to publish their presentations, including posters, in English, full – paper, after peer-review evaluation, as research article or short communication in **Bulletin of USAMV Cluj-Napoca** (indexed in prestigious international data bases).

We are looking forward to welcoming you in one of the former capitals of Transilvania historic region, Cluj-Napoca, on 23rd of September 2019.

Ionut Savoiu
President of UGR

Hartmut Muller
