

Invitation letter

It is our great pleasure to invite you to the 6th edition of **Romanian Surveying Week (RSW)**, organized by the **Romanian Surveyors Union (RSU)** in partnership with the **Faculty of Civil Engineering from Politehnica University Timișoara (FCEPUT)** and the **Faculty of Agriculture from University of Life Science "King Mihai I" from Timișoara (ULST)**, and in collaboration with **International Federation of Surveyors (FIG) Commissions 2 and 8**, the **National Agency for Cadastre and Land registration (ANCP)**. The event will take place in the both university's campuses, between 21st and 25th of October 2025.

The main manifestation during the 6th edition of SGR is the International Conference with the theme **"Geospatial technologies for sustainable development of agriculture and built environment"**. FIG Commission 8 Annual Meeting **"Responsible Knowledge Transfer and Innovation in Land and Spatial Governance"** and FIG Commission 2 Roundtable on education topic, have dedicated space within the International Conference.

The generous theme of the **International Conference** will bring together specialists from geodesy, surveying, cadastre, professional education, spatial planning and development, local administration, agriculture, GIS and other related fields.

The 6th edition of **RSW** from Timișoara, will be preceded by the Romanian Young Surveyors Conference on the topic **"From Learning to Leading: Young Surveyors in geospatial solutions for a sustainable world"**, where are expected more than 100 students, among them 50 will benefit from grants offered by the organizers and sponsors. The event will take place at the **ULST** campus.

The Official opening of the Romanian Surveying Week will take place in the **Auditorium Hall** from Politehnica University Timișoara, on 22nd of October 2025.

For two consecutive days the **FCEPUT** will host the activities within **RSW**. The last day of the event and official closing will take place at the **ULST** campus.

The international conference along with roundtables and forums, annual meetings and social activities organized within the **Romanian Surveying Week** in Timișoara, will offer the professional frame and environment for discussions, exchanging knowledge and experience among surveyors participating in the international event.

The event sponsors will present the latest technologies, solutions and projects within the technology expo, which will be organized at the both University's campuses.

We are looking forward to welcoming you in Timișoara, the capital of the Romania's West development region, on 21st of October 2025.
